

Cost-efficient mono-production. **Versafire EM.**

Key features at a glance:

- High throughput up to 4,080 A3 sheets/hour or 136 A4 sheets/minute (simplex)
- Quality reproduction with 2,400 × 4,800 dpi black-and-white
- Wide media flexibility for new applications
- Double toner cartridge bay for uninterrupted production
- Optional scanning up to 220 A4 p./min.
- High availability due to max. 13,850 sheets tray capacity
- New applications with printing banner up to 700 mm material
- Printing-on-Demand with optional finishing solutions

Monochrome Produktion.

Although more and more print products are requested in full color, there are still good reasons for black-and-white digital machines. Both the majority of all books content pages and most of today's personalized elements are still printed black-and-white and can be produced most cost-efficiently with a dedicated monochrome digital machine like the Versafire EM from Heidelberg®.

Technical data.

Versafire EM.

Features	Versafire EM
Engine	2,400 × 4,800 dpi black & white wax-based PxP™ toner Vacuum feeder (optional) 17" touch screen Oilless belt-fusing method up to 13,850 sheets load capacity
Scanner	600 dpi (optional), 8 bit 120 A4 pages/min (simplex) 220 A4 pages/min (duplex)
Controller	EFI Fiery EB-35
Media format min. width × length Media format max. width × length	100 × 140 mm (3.93 × 5.51 in) 330 × 488 mm (12.99 × 19.21 in); with banner tray up to 700mm (27.5")
Printing speed (independent of material thickness)	4,080 A3 sheets/hour or 136 A4 pages/minute (simplex) optional 3,330 A3 sheets/hour or 111 A4 pages/minute (simplex) optional
