Unfold Your Potential with Polar

Competitiveness

- ✓ **DPS:** Direct Positioning System with direct measuring by a rotary transducer that is flange mounted on the spindle
- ✓ **Maximum precision of machine frame:** One piece for optimum absorption and dissipation of the high forces generated when cutting and pressing the material.

Workforce and Digitalization

- ✓ **Displayed on large 18.5 inch touch screen:** Optimum operator guidance when creating the cutting program (Compucut option) to increase efficiency in productivity.

Sustainability

- ✓ **Full nickel plated machine table and side gauges:** Lifelong durability as the table does not rust and the nickel has chemically bonded to the casting.

*The term of availability of this offer (the packages) starts on May 1st, 2024 and ends on August 31st, 2024.
