

Let us help you buy and sell used equipment with ease. Remarketed Equipment.

Heidelberg Remarketed Equipment Services has options to suit every requirement and any budget. When it comes to trading in your used equipment directly through Heidelberg, you know you are working with a trusted partner with a long history, technical competence and passion for print. The best alternative to a new Heidelberg machine is a used one, directly from the manufacturer. And with over 2,000 highly trained specialists, we ensure that your production proceeds smoothly during the process so that you can fully tap into the potential of your investment. Discover which machines or trade-in services work best for your business.

1) Looking to trade in your old equipment for new?

Receive a discount on a new Heidelberg equipment purchase with trade-in of qualifying machinery.

2) Have old equipment you want off your shop floor?

Heidelberg will purchase your old equipment based on condition, without association to a new sale.

3) Don't own Heidelberg machinery? No problem!

Heidelberg purchases equipment from banks, leasing companies, and competitive manufacturings. Heidelberg is the world's largest seller of remarketed equipment for the printing industry.

➔ info@heidelberg.com

Requirements:

- A complete description of the machine, including condition, pictures, serial number plate, and a video of the machine running is required
- Additionally, for presses, include an impression count
- Provide estimated time for removal (i.e. 30 days, 6 months)

How does the process work?

- Once ready for purchase, Heidelberg will provide a Letter of Intent to purchase and may, at our discretion, request an inspection to verify the condition.
- Payment is typically made to the customer two days prior to removal.
